

VECTORGLOBAL IAG, Inc. Business Continuity Plan (BCP) 2022

VectorGlobal IAG

1001 Brickell Bay Drive, Suite 1900, Miami, FL 33131

VectorGlobal IAG Business Continuity Plan

This document addresses VectorGlobal IAG, Inc.'s (the "Firm") Business Continuity Plan. The purpose of this plan is to ensure the Firm's uninterrupted operations and/or restoration of its business and operations in the most efficient and timely manner in case of an internal or external Significant Business Disruption ("SBD").

A disruption can be caused by any accidental, natural or man-made malicious event that disrupts normal operations or services for a significant period of time. If a disaster situation arises, a communication chain among the "Emergency Contact Team" will be initiated.

Emergency Contact Persons

Our firms' emergency contact persons are:

Carlos Gadala-Maria	CEO	305-799-3204	Cgadala-maria@vectorglobalwmg.com
Juan Luis Osorio	CFO	786-483-6097	Jlosorio@vectorglobalwmg.com
Santiago Santos	CCO	954-609-5432	Ssantos@vectorglobalwmg.com
Andrea Narbona	Product Analyst / IT	305-490-3280	Anarbona@vectorglobalwmg.com

These names will be updated in the event of a material change. Our Executive Representative will promptly notify FINRA and the SEC of any change in this information through FINRA Contact System at <https://www.finra.org/industry/finra-contact-system> (but no later than 30 days following the change) and will review, and if necessary update, this information within 17 business days after the end of each calendar year.

Firm Policy

Our firm's policy is to respond to a Significant Business Disruption ("SBD") by safeguarding employees' lives and firm property, making a financial and operational assessment, quickly recovering and resuming operations, protecting all the Firm's books and records, and allowing our customers to transact business. If we determine we are unable to continue our business, we will assure customers prompt access to their funds and securities.

Significant Business Disruptions

Our plan anticipates two kinds of SBDs, internal and external. Internal SBDs affect only our firms' ability to communicate and do business, such as a fire in our building or a cyber-attack. External SBDs prevent the operation of the securities markets of several firms, such as a terrorist attack, a city flood, or a wide-scale regional disruption. Our response to an external SBD relies more heavily on other organizations and systems, especially on the capabilities of our clearing firms.

Approval and Execution Authority

Carlos Gadala-Maria (CEO) a registered principal is responsible for approving the plan. Santiago Santos (CCO) is responsible for conducting the annual review. Carlos Gadala-Maria has the authority to execute this BCP.

Plan Location and Access

Our firm maintains copies of its BCP plan, annual reviews, and changes that have been made to it for inspection. An electronic copy of our plan is located in each office and on the VectorGlobal IAG's main file share in Azure which is accessed directly by users. Our backups are maintained with Recovery Service vault form Azure (location East US2), which are accessed online via internal network or VPN.

Business Description

Our firm conducts business as an SEC registered investment adviser offering discretionary and non-discretionary portfolio management services to high-net-worth individuals and institutions. Our firm is an introducing firm and does not perform any type of clearing function for itself or others. Furthermore, we do not hold customer funds or securities. We enter orders to be executed on our clearing firms' platforms. Our clearing firms compare, allocate, clear and settle all transactions. Our clearing firms also maintain our clients' accounts, can grant customers access to their accounts and deliver funds and securities. Our firm primarily services retail and institutional customers domiciled in Latin America.

Through our affiliate, VectorGlobal WMG Inc., we maintain our primary custodial relationship with Pershing LLC, a subsidiary of The Bank of New York Mellon Corporation located at One Pershing Plaza, Jersey City, NJ 07399 telephone 888-367-2563, website www.pershing.com, and our contact person at that clearing firm is Vanessa Velez, Vice President – Wealth Solutions, telephone 407-617-9801, email vanessa.velez@bnymellon.com. Should Ms. Velez be unavailable, we may contact her supervisor Terence Dunphy at 201-413-3662 or to tdunphy@pershing.com.

Office Location(s)

VectorGlobal IAG, Inc. has its U.S. office located in Miami, FL.

Miami FL.

Our Miami, FL office is located at 1001 Brickell Bay Drive, Suite 1900, Miami, FL 33131; its main telephone number is 305-350-3350. Our employees may travel to our office by means of foot, car, train, bus, boat and plane. We engage in order processing at this location.

Alternative Physical Location(s) of Employees

In the event of an SBD, we will move designated key employees from affected office(s) to a Regus workplace recovery site designated by management. The full list of Regus Workplace Recovery Sites is available at www.regus.com/workplace-recovery. Additional staff will also relocate to a predetermined, unaffected location or will work from their homes.

The primary backup office location will be the Orlando, FL Regus Virtual Office located at:

Address: 6900 Tavistock Lakes Blvd., Suite 400, Orlando, FL 32827

Phone: 321-424-6500

If this location is deemed unsafe for any reason, the secondary backup office location will be the Tampa, FL Regus Virtual Office located at:

Address: 2202 N Westshore Blvd., Suite 200, Tampa, FL 33607

Phone: 813-639-7500

Employee Relocation / Remote Team

In the event of a SBD, Team A has agreed to relocate to the primary or secondary backup office location. Each employee will be responsible for bringing all materials needed to conduct business as usual (computer, monitors, power cables, chargers, cell phone with GoTo app installed.) Once the BCP has been engaged, Teams will follow the plan as written.

TEAM A

Asset Management: Claudia Batlle

Operations: Paola Quintero

Compliance: Enrique Lara

Trading: Eric Urena

TEAM B

Team B will NOT be required to relocate, but will be expected to work remotely from the nearest safe area and remain in contact with Team A. Each employee will be responsible for bringing all materials needed to conduct business as usual (computer, monitors, power cables, chargers, cell phone with GoTo app installed.) Once the BCP has been engaged, Teams will follow the plan as written.

Asset Management: Eduardo Arriaga

Operations: Claudia Garcia

Compliance: Santiago Santos

Trading: Aaron Brito

As soon as the Miami office building is deemed safe to reenter, the following person(s) will return to the office to reboot the servers and any other critical systems:

IT Technicians (B2B Cloud Solutions)

Juan Manuel de los Reyes

Andrea Narbona

Customers' Access to Funds and Securities

Our firm does not maintain custody of customer's funds or securities, which are maintained by our clearing firm, Pershing LLC, a subsidiary of The Bank of New York Mellon Corporation. In the event of an internal or external SBD, if telephone service is available, our registered persons will take customer orders or instructions and contact our clearing firms on their behalf. If we cannot be reached, our customers may call Pershing LLC directly at 888-367-2563 for liquidating orders, check requests, and wire requests only. The Firm will make this information available to customers through its disclosure policy.

If SIPC determines that we are unable to meet our obligations to our customers or if our liabilities exceed our assets in violation of Securities Exchange Act Rule 15c3-1, SIPC may seek to appoint a trustee to disburse our assets to customers. We will assist SIPC and the trustee by providing our books and records identifying customer accounts subject to SIPC regulation.

Rules: FINRA Rule 4370(a); Securities Exchange Act Rule 15c3-1; see also 15 U.S.C. § 78eee. Data Back-Up and Recovery (Hard Copy and Electronic)

Data Back-Up and Recovery (Hard Copy and Electronic)

Our firm maintains its primary books and records electronically, which are backed up daily on the Recovery Service Vaulte the backup location hosted by Azure, location East US2. The Firm has outsourced its IT requirements to B2B Cloud Solutions who maintains our electronic equipment.

Juan Luis Osorio, CFO, is responsible for the maintenance of financial books and records, and all information and communication systems including electronic back up of the Firm's server. Our firm maintains the following document types and forms that are not transmitted to our clearing firms: Financial records; client instructions regarding wire movements (not third-party); supplemental incorporating documents for entities; client correspondence; e-mail; and employment records.

Order tickets and blotters are maintained by our clearing firms in electronic form. Our firm prints and maintains copies of order tickets and blotters, with signature approval by firm principals, in paper form at its headquarters in Miami, FL.

Our firm maintains the original paper account opening documentation and relies on our clearing firm Pershing LLC to maintain an electronic record that is accessible via its Internet application. Each employee

is responsible for storing all specific business records on the main file share (cloud based storage) where it is backed up daily.

With respect to e-mail, the Firm utilizes the services of Global Relay Communications Inc. located at 286 Madison Avenue, 7th Floor, New York, NY 10017, telephone 866-484-6630. Our contact is Kevin Zhang and his email are Kevin.Zhang@globalrelay.net, however, we will communicated with the 24/7/365 support desk at support@globalrelay.net for immediate assistance. The company's web site is www.globalrelay.com. Global Relay, which provides access for supervisory review and creates electronic backup copies for the Firm, outsources the hosting of our firm's e-mail addresses to AppRiver. Upon request, Global Relay delivers additional copies on electronic media to the Firm.

In the event of an internal or external SBD that causes the loss of our paper records, we will physically recover them from our back-up site. If our primary site is inoperable, we will continue operations from our alternate location noted for the SBD area. For the loss of electronic records, we will electronically recover data from Azure directly.

Widespread Health Emergencies

[Centers for Disease Control and Prevention Planning and Preparedness Resources: <https://www.cdc.gov/flu/pandemic-resources/planning-preparedness/index.html>]

A widespread pandemic or any biologically based threat could have significant impact on the ability of VectorGlobal IAG to continue conducting business. This section outlines the steps VectorGlobal IAG has taken and will take in the event of a widespread pandemic.

Preparatory Steps

- Document government resources for information about a pending pandemic
- Identify and document an alternative firm or firms to handle VectorGlobal WMG's business for extended periods of time
- Identify and document medical resources to assist employees, including administering vaccinations or other medications
- Stock antibacterial and other hygiene products for use by employees
- Identify employees that can telecommute and establish a list of those employees and what computers and technology will be necessary

Action if a Pandemic Occurs

The following procedures will be followed in the event of a threatened health emergency.

1. The Emergency Response Team will meet to determine the potential seriousness of the threat and what action to be taken as the threat escalates.
2. Notify employees of:
 - available vaccinations or other medication and whether they are mandated
 - necessary conduct such as avoiding personal contact such as handshaking

- access to antibacterial or other hygiene products to reduce infections and transmission of communicable diseases
 - requirement to stay home and telecommute
 - transfer of business/functions to other firms
 - contact list of key personnel
3. Restrict access to VectorGlobal WMG by outsiders (customers, vendors, etc.).
 4. The Emergency Response Team will meet or communicate regularly to determine steps to be taken.

Financial and Operational Assessments

Operational Risk

In the event of an SBD, we will immediately identify what means will permit us to communicate with our customers, employees, business constituents, banks, counterparties, and regulators. Although the effects of an SBD will determine the means of alternative communication, the communications options we will employ will include telephone, cell phone, and telephone voice mail, secure e-mail via Global Relay or Bloomberg. In addition, we will retrieve our key activity records as described in section the [Data Back-Up and Recovery \(Hard Copy and Electronic\)](#) section above.

Financial and Credit Risk

In the event of an SBD, we will determine the value and liquidity of our investments and other assets to evaluate our ability to continue to fund our operations and remain in capital compliance. Typically, our firm executes fixed income transactions on a riskless principal basis and maintains little or no inventory which serves to minimize these concerns. The Firm will contact both clearing firm's banks and investors to apprise them of our financial status. If we determine that we may be unable to meet our obligations to those counter-parties or otherwise continue to fund our operations, we will request financing from our parent company sources to fulfill our obligations to our clients. If we cannot remedy a capital deficiency, we will file appropriate notices with FINRA and immediately take the appropriate steps.

Mission Critical Systems

Our firms' "Mission Critical Systems" are those that ensure prompt and accurate processing of securities transactions, including order taking, entry, execution, comparison, allocation, clearance, and settlement of securities transactions, the maintenance of customer accounts, access to customer accounts, and the delivery of funds and securities. Our clearing firm's trading system is through NetX360 (Pershing LLC).

Other mission critical systems include: local and long distance telephone service via contracts with GoTo and Vonage; Orion for portfolio management software used to analyze and rebalance customer portfolios; Bloomberg services for electronic execution of fixed income transactions for market data services and fixed income information, and email/instant messaging with other dealers; cloud based accounting software provided by Sage Intacct; and with respect to e-mail via contract with Global

Relay and AppRiver that host our firm's e-mail addresses, provide access for supervisory review, and create electronic backup copies.

We have primary responsibility for establishing and maintaining our business relationships with our customers and have sole responsibility for our mission critical functions of portfolio analysis and order processing. The agreement with our clearing firm provides for execution (other than fixed income), comparison, allocation, clearance and settlement of securities transactions, the maintenance of customer accounts, access to customer accounts, and the delivery of funds and securities.

The agreement with our clearing firm provides that our clearing firm will maintain a business continuity plan and the capacity to execute that plan. Our clearing firm represents that it will advise us of any material changes to its plan that might affect our ability to maintain our business. In the event our clearing firm executes its plan, it represents that it will notify us of such execution and provide us equal access to services as its other customers. If we reasonably determine that our clearing firm has not or cannot put its plan in place quickly enough to meet our needs or are otherwise unable to provide access to such services, our clearing firm represents that it will assist us in seeking services from an alternative source.

Our clearing firm represents that it backs up our records at several remote sites. Our clearing firm represents that it operates a back-up operating facility in geographically separate areas with the capability to conduct the same volume of business as its primary site. Our clearing firm has also confirmed the effectiveness of their back-up arrangements to recover from a wide scale disruption by testing, and they have confirmed that they test their back-up arrangements periodically.

Recovery-time objectives provide concrete goals to plan for and test against. They are not, however, hard and fast deadlines that must be met in every emergency, and various external factor surrounding a disruption, such as time of day, scope of disruption, and status of critical infrastructure—particularly telecommunications—can affect actual recovery times. Recovery refers to the restoration of clearing and settlement activities after a wide-scale disruption; resumption refers to the capacity to accept and process new transactions and payments after a wide-scale disruption. Our clearing firm's SBD recovery time and resumption objectives range between real time and four to twelve business hours.

Our Firm's Mission Critical Systems

1. Order Processing

Currently, our firm receives either a discretionary portfolio management mandate from customers who wish for our firm to manage their accounts without requiring their approval prior to each order entry or non-discretionary advisory agreements where orders from customers are confirmed via telephone or in writing via their duly appointed agent. During an SBD, either internal or external, we will continue to take non-discretionary orders via available and reliable telephone or cell phone service, and in addition, as communications permit, we will inform our customers when communications become available to tell them what alternatives they must send their orders to us. Customers will be informed of alternatives by telephone, e-mail or a web site posting. If necessary, we will advise our customers to place orders directly with our clearing firm 888-367-2563 (Pershing LLC).

2. Order Entry

Currently, our firm enters orders by recording them electronically and sending them to our clearing firm electronically or telephonically.

In the event of an internal SBD, we will enter and send records to our clearing firm by the fastest alternative means available, which include cell phone, e-mail or by messenger. In the event of an external SBD, we will maintain the orders in electronic or paper format and deliver the order to the clearing firm or over the counter dealer by the fastest means available when it resumes operations.

3. Order Execution

We currently execute fixed income orders in the over the counter market by telephone with other dealers or electronically through a Bloomberg terminal, the MarketAxess application, or via our clearing firm's proprietary system. In the event of an internal or external SBD, we will utilize available standard telephone or cell phone service, e-mail and Internet access.

4. Other Services Currently Provided to Customers

In addition to those services listed above in this section, the client or duly appointed representative can access their accounts via the websites provided by Pershing, www.netxinvestor.com and www.netx360.com, respectively. Clients or duly appointed representatives can place stock orders via web access to their accounts.

Mission Critical Systems Provided by Our Clearing Firm

Our firm relies, by contract, on our clearing firm to provide order execution, order comparison, order allocation, customer account maintenance, access to customer accounts and the delivery of funds and securities.

Alternate Communications between the Firm and Customers, Employees, and Regulators

Customers

We now communicate with our client's using the telephone, e-mail, fax, U.S. mail, overnight courier and personal visits at our firm or at the client's location. In the event of an SBD, we will assess which means of communication are still available to us and use the means closest in speed and form (written or oral) to the means that we have used in the past to communicate with the other party. For example, if we have communicated with a party by e-mail but the Internet is unavailable, we will call them on the telephone and follow up where a record is needed with a paper copy via the U.S. mail.

Employees – Call Tree

We now communicate with our employees, as well as employees of our affiliate, VectorGlobal WMG Inc., using the telephone, e-mail, and in person. In the event of an SBD, we will assess which means of communication are still available to us and use the means closest in speed and form (written or oral) to the means that we have used in the past to communicate with our employees. We will also utilize a call tree so that senior management can reach all employees quickly during an SBD. The call tree for our three U.S. offices includes office and cell phone numbers.

The individuals authorized to invoke use of the call tree are Carlos Gadala-Maria, Juan Luis Osorio, Santiago Santos and Andrea Narbona. The call tree is as follows:

CEO - Carlos Gadala-Maria will call:

Juan Luis Osorio, Santiago Santos, Eduardo Vale, Claudia Batlle, Juan Manuel de los Reyes, Eric Urena, and Antonio Fernandez (TX)

All Mexico Links and their assistants (Maria Pia Acevez, Lorenzo Guzman, Gibran Abdala)

IT & PRODUCTS - Juan Manuel de los Reyes will call:

Andrea Narbona, Philip Gadala-Maria, Felix Paganelli, Gilherme Dos Santos

ACCOUNTING - Juan Luis Osorio will call:

Eduardo Jaimes, Irella Solano, Geraldine Martinez, Genaro Inmediato, Adriana Lopez

COMPLIANCE & OPERATIONS - Santiago Santos will call:

Enrique Lara, Maria Wright, Enrique Lara, Elluz Gomez, Paola Quintero, Martha Barragan, Liliana Marquez, Claudia Garcia, Dana Vergara, Giana Gonzalez

TRADING - Eric Urena will call:

Aaron Brito, Melvin Saballos, Alejandra Rivera, Carlos Rivera (NJ)

MIAMI ADVISORS – Eduardo Vale will call:

Monica Cleves, Pablo Alvarez, Carlos Morales, Valeria Trauer, Leon Alvarez, **Javier Soria**

ASSET MANAGEMENT - Claudia Batlle will call:

Eduardo Arriaga, Lisandra Padilla, Gonzalo Quintana, Luis Fernandez, Michael Cantero, Andrea Coba

Regulators

The firm is regulated by the U.S. Securities and Exchange Commission (or the “SEC”). We communicate with the SEC using the telephone, e-mail, Internet, fax, and U.S. mail. In the event of an SBD, we will assess which means of communication are still available to us and use the means closest in speed and form (written or oral) to communicate with FINRA.

Critical Business Constituents, Banks, and Counter-Parties

Business Constituents

We have contacted our critical business constituents (businesses with which we have an ongoing commercial relationship in support of our operating activities, such as vendors providing us critical services), and determined the extent to which we can continue our business relationship with them considering an internal or external SBD. We will quickly establish alternative arrangements if a business constituent can no longer provide the needed goods or services because of an SBD to them or our firm. Our major suppliers are shown in the list below.

Banks

We have contacted our banks and lenders to determine if they can continue to provide the financing that we will need considering an internal or external SBD. The bank maintaining our operating account is **Valley Bank, 1001 Brickell Bay Dr, Suite 100, Miami FL 33131. Our contact person is Gregory Roberts, Assistant Vice President, telephone number 305-341-5300.**

Our clearing firm is Pershing LLC, a subsidiary of The Bank of New York Mellon Corporation located at One Pershing Plaza, Jersey City, NJ 07399 telephone 888-367-2563, website www.pershing.com, and our contact person at that clearing firm is Vanessa Velez, Vice President – Wealth Solutions, telephone 407-617-9801, email vanessa.velez@bnymellon.com. Should Ms. Velez be unavailable, we may contact her supervisor Terence Dunphy at 201-413-3662 or to tdunphy@pershing.com.

Counter-Parties

We have contacted our critical counter-parties, such as other broker-dealers or institutional customers to determine if we will be able to carry out our transactions with them considering an internal or external SBD. Where the transactions cannot be completed, we will work with our clearing firm or contact those counter-parties directly to make alternative arrangements to complete any open transactions as soon as possible.

Regulatory Reporting

Our firm is subject to regulation by the SEC and various states. We now file reports with our regulators electronically using the Internet and using paper copies via the U.S. mail. In the event of an SBD, we will check with the SEC and other regulators to determine which means of filing are still available to us and use the means closest in speed and form (written or oral) to our previous filing method. If we cannot contact our regulators, we will continue to file required reports using the communication means available to us.

SEC Headquarters

Address: 100 F Street, NE Washington, DC 20549

Phone: (202) 942-8088

<http://www.sec.gov/>

Disclosure of Business Continuity Plan

We will disclose a written summary of our BCP to customers electronically or by mail upon request. Our current disclosure statement is attached. Our summary addresses the possibility of a future SBD and how we plan to respond to events of varying scope.

In addressing the events of varying scope, our summary (1) provides specific scenarios of varying severity (e.g., a firm-only business disruption, a disruption to a single building, a disruption to a business district, a city-wide business disruption, and a regional disruption); (2) states whether we plan to continue business during that scenario and, if so, our planned recovery time; and (3) provides general information on our intended response. Our summary discloses the operating areas covered and the existence of back-up facilities and arrangements. Alternative telephone numbers will be provided when available as well as how to contact our clearing firm and the services they might provide to customers in the event of a significant business disruption.

Updates and Annual Review

Our firm will update this plan whenever we have a material change to our operations, structure, business or location or to those of our clearing firm. In addition, our firm will conduct a full text of this plan every Spring (May 1st) to ensure all parties involved in the execution of the plan and all employees understand the requirements and steps involved.

For any questions regarding this Business Continuity Plan, please contact our Compliance department at 305-537-0310.

Senior Manager Approval

I have reviewed, updated, and approved this Business Continuity Plan as reasonably designed to enable our firm to meet its obligations to customers in the event of an SBD.
